Verkostnotiz

JAMES SUCKLING: "This has incredible power and drive with blackberry, black olive and graphite. It's full-bodied, yet dynamic and agile, with so much polished and muscular tannin. Yet, it remains in harmony and balance. So much character. The head of the chateau calls it diabolical beauty. 25% less production than the 2019. 52% cabernet sauvignon, 42% merlot, 3% cabernet franc and 3% petit verdot."

ROBERT PARKER - THE WINE ADVOCATE: "A blend of 52% Cabernet Sauvignon, 42% Merlot, 3% Cabernet Franc and 3% Petit Verdot, the 2020 Haut-Bailly was harvested from the 9th to 25th of September. It has an alcohol of 14.3%. Deep purple-black in color, it prances out of the glass with naturally beautiful notions of fresh black cherries, violets, mulberries and boysenberries, giving way to hints of redcurrant jelly, star anise, tilled soil and menthol. The medium to full-bodied palate is delicately crafted with velvety/grainy tannins and fantastic freshness framing the perfumed red and black berry layers, finishing on a lingering fragrant-earth note." - Lisa Perrotti-Brown

DECANTER: "Rich in texture and colour, this has clear layers and complexity, a wine that you want to take your time with, slow down and enjoy. One that will take its time to age also. This has a precision and a clarity to the aromatics, and a gentle buzz of minerality that gives a physical reaction in the mouth. Less exuberant than the 2018 or 2019, making this a vintage that suits the style of Haut-Bailly. A slight austerity to the tannins on the finish gives a blueberry redcurrant edge. 3% Petit Verdot completes the blend (now around eight years old), usually co-fermented with the Cabernet Sauvignon (sometimes with Cabernet Franc). IPT similar to 2016, 2010, 2005, but with a softness that comes from extremely ripe tannins. Strong potential for upscoring when it bottle. Drinking Window 2030 - 2050."

FALSTAFF: "Tiefdunkles Rubingranat, opaker Kern, violette Reflexe, zarte Randaufhellung. Feine schwarze Beerenfrucht, angenehme

wirkende, perfekt eingebundene Tannine, zeigt eine namhafte
Zukunftspotenzial." - Peter Moser

und Harmonie, salziger Nachhall, großes
